March 17th, 2020

Dear Parents,

Children's Services must ensure children and employees have a safe and healthy learning environment, that means preventing the spread of disease throughout our programs.

All Children's Services programs, which includes State Preschool and Head Start classrooms, will be closed beginning **Wednesday, March 18 through April 17, 2020.**

We understand the impact of this closure and recognize that working families depends on our programs. With the guidance to remain home during school closure, it is important to minimize social contact and to stay home as much as possible to protect our community.

For all currently enrolled children, free meals will be available through a drive-thru access (children must be present to receive) from 11:30 am – 12:30 pm at the following locations:

- The Education Village – Multi Purpose Room Kitchen
499 Marguerite Street, Williams, CA
- Colusa Children's Center Kitchen
705 6th Street, Colusa, CA

We encourage learning at home activities such as exploring books, games, songs, and writing activities through Footsteps2Brilliance, our early learning literacy app. You can find more information on this program at CCOE.net under the Quick Link "And Literacy For All" tab.

Please check your Learning Genie Family App for books and songs from us to extend interactive learning at home!

CCOE will provide our families and school communities with updates. Please view our CCOE website at ccoe.net for continued communication.

Thank you.

Vicki Markss, Executive Director
CCOE – Children's Services
